

WS Series

The newest
innovation in audio
visual data storage

Designed to store your content safer, easier, and sleeker than ever before.

Keep Your Projects under Lock and Key

Front and rear security locks prevent unauthorized access to your equipment and data. You can never be too careful when it comes to protecting your creations.

Steady Airflow and Easy Access

Vented doors provide maximum airflow while keeping dust particles out. Removable side panels allow for easy access to your equipment.

Designed with You in Mind

Created using inspiration from audio and visual studios, WS Series's soft curves and simple color palette is cohesive with that of your current workspace.

Compact and Customized

WS Series can slide under any work space using discreet casters and comes in an array of sizes heights to fit seamlessly into your creative space.

(See back side for more size options.)
